

Limestone Community School Plan for Safe Return to In Person Instruction 2021-2022

Face Coverings:

- Face Coverings are required on buses/Vans.
- Face Coverings are required in all settings within the school until further notice.

Physical Distancing:

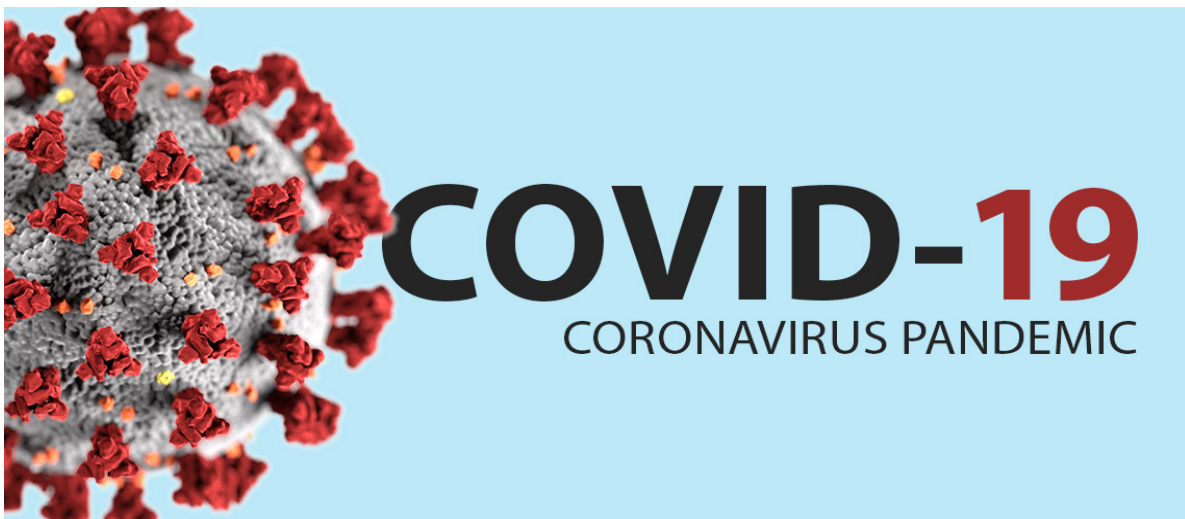

- Maximum physical distances to the extent possible between individuals with an ideal goal of at least 3 feet of separation.

Hand Washing/Sanitizing and Covering coughs/sneezes:

- Hand sanitizer available in classrooms and throughout the building

Staying home when sick and getting tested:

- Parents will be strongly encouraged to monitor their child for symptoms and potential contact. No students will be allowed into the building with symptoms unless approved by the Principal and School Nurse.
- Binax Now testing is available at the school.

REQUIRED SCHOOL PLANS

Plans are broken down into three major categories: Red, Yellow, and Green.

A **Red Plan** is used when the need arises for a full remote learning environment and there will be no face-to-face instruction.

A **Yellow Plan** is used when the need arises for a face-to-face instruction which is combined with remote learning from home.

A **Green Plan** is used when all students will return to school for face-to-face instruction, while following all COVID-19 precautions and recommendations.

Updated Policy on Masking

Limestone Community School Committee Adopted on 10/13/21, *Revised 11/10/21
Reviewed 1/5/22, 6/29/22, 5/22/23

*The COVID Response Team at Limestone Community School will assess the COVID-19 risk in the community to provide recommendations to the Superintendent regarding masking and other safety precautions within the school. To determine the risk level, the COVID Response Team will be referencing CDC information, vaccination rates, local outbreak status, and natural immunity.
